# Open Faculty Position in Analytical Chemistry at METU

The Department of Chemistry at Middle East Technical University (METU) is seeking applications for a full-time, tenure-track faculty position as Assistant Professor in Analytical Chemistry.

**Required Qualifications**

- A Ph.D. in Analytical Chemistry. At least two years of postdoctoral research experience highlighting advanced instrumental skills or interdisciplinary applications in analytical chemistry.
- Demonstrated potential to establish and sustain a high-quality, independent academic research program in Analytical Chemistry.
- Ability to teach graduate and undergraduate courses in Analytical Chemistry, such as Quantitative Chemistry and Instrumental Analysis courses.
- A minimum TOEFL iBT score of 102/120 (or equivalent) as per METU's English proficiency requirements. Details can be found at METU English Proficiency Requirements.

**Responsibilities**

The successful candidate will be expected to:

- Develop and maintain a competitive, externally funded research program.
- Publish original research in high-impact, peer-reviewed international journals.
- Deliver high-quality instruction in Analytical Chemistry and related fields at both undergraduate and graduate levels.
- Contribute to the academic community by engaging in interdisciplinary research collaborations within METU and with external institutions.
- Mentor students and supervise undergraduate and graduate research projects.

**Application Requirements**

Applicants are invited to submit the following materials via email to **ayseny@metu.edu.tr** with the subject line **"Analytical Chemistry Faculty Position"**:

1. A cover letter detailing past and ongoing research accomplishments.
2. A comprehensive curriculum vitae, including a list of publications.
3. A research statement outlining future plans and how they align with the position.
4. A teaching statement, including details on your teaching philosophy and the names of courses listed in the Chemistry Department curriculum that you are prepared to teach.
5. Contact information for three professional references, including their names, affiliations, and email addresses.

**Review Process**

The review of applications will begin immediately upon receipt of completed submissions and will continue until the position is filled. There is no fixed application deadline, but candidates are encouraged to apply at their earliest convenience. Eligibility for the position will be assessed based on academic qualifications, publication records, and projects. Additional considerations include teaching or mentoring experience.

There is no application deadline, review of completed applications will begin immediately and will continue until all the positions are filled.
